SAFETY AND GENERAL INFORMATION

Save these instructions. For your safety, read, understand, and follow the information provided with and on this product before using. The owner and/or operator of this equipment shall have an understanding of this equipment and safe operating procedures before attempting to use. The owner and/or operator shall be aware that use and repair of this product may require special skills and knowledge. Instructions and safety information shall be conveyed in the operator's native language before use of this product is authorized. If any doubt exists as to the safe and proper use of this product, remove from service immediately.

Inspect before each use. Do not use if there are broken, bent, cracked or otherwise damaged parts (including labels). If the blocks have been or suspected to have been subjected to a shock load (a load dropped suddenly and unexpectedly upon it), discontinue use until checked out by an authorized factory service center. Owners and operators of this equipment shall be aware that the use of this equipment may require special training and knowledge. It is recommended that an annual inspection be done by qualified personnel and that any missing or damaged parts, decals, warning/safety labels or signs be replaced with factory authorized replacement parts only. Any press that appears to be damaged in any way, is worn or operates abnormally shall be removed from service immediately. Labels and Manual are available from manufacturer.

BEFORE USE

1. Inspect before each use. Do not use if bent, broken or cracked components are noted. Check for broken welds and misalignment.
2. Before using this product, read the operator's manual completely and familiarize yourself thoroughly with the product, its components and recognize the potential hazards associated with its use.
3. Verify that the product and the application are compatible, if in doubt contact Hein-Werner Technical Service (816) 891-6390.

OPERATION

⚠ **WARNING:** *Use only manufacturer provided attachments and accessories. Ensure all attachments are properly secured. When using bearing punches and other adapters, center the load on the workpiece.*

1. Using hardware included in kit, attach two (2) supplied wedges to the Fuller Transmission Adapter.
2. Using transmission hardware, attach the adapter to transmission housing as shown in Figure 1.
